Foreword..1954

Dear Iris Friends:

With this, my eighth catalogue, I extend greetings to my friends and customers, and to those of you who are not, as yet, acquainted with our fine rhizomes and interesting prices.

May I take this opportunity to thank you for the many fine letters and cards you have written me. I shall continue to maintain the same high standards in quality of rhizomes as in past years.

The newer introductions are marked Net. First: because it is considered unethical to cut prices the first three years; Second: because stocks are not plentiful.

Most varieties after three years are priced $\frac{1}{3}$ below retail, where stocks are large, discounts are more.

If you have any complaints about my shipments in 1953, please let me know.

Sincerely Yours,

GERTRUDE J. STUETZEL.

PLEASE READ CAREFULLY BEFORE ORDERING

* * * * *

* * * * *

EXTRAS: We enjoy sending Extras, but would like to send varieties you would enjoy having, so please list five or six names in the price range you are ordering, for me to select your extras from.

* * * * *
